

SEEKING QUALIFIED AND MOTIVATED STUDENTS TO SERVE AS VOLUNTEERS IN EASTERN NORTH CAROLINA SUMMER ENGINEERING CAMPS

Volunteer applications are being accepted for Eastern North Carolina's engineering camps until April 16, 2018.

Middle School Camp (June 18-22: Craven Community College, Havelock)

The NC State College of Engineering and Craven Community College in partnership with FRC East offer an exciting, weeklong summer day camp for middle school students (rising seventh, eighth and ninth-graders) at the Havelock campus of Craven Community College. The camp provides students a fun and positive glimpse into various fields of engineering by using hands-on, creative investigations and real-world building activities.

Elementary Camp (July 9-13: Havelock Tourist & Event Center)

Each summer, the Eastern Carolina Aviation Heritage Foundation in partnership with the City of Havelock, FRC East, and NC State University offer a week-long, non-residential summer day camp for elementary school students (rising 4th, 5th and 6th graders) at the Havelock Tourist & Event Center. Students are divided into design teams led by elementary school teachers from Craven and Carteret Counties in partnership with staff from Fleet Readiness Center East aboard MCAS Cherry Point. In their teams, students are given the challenge to individually design and build various devices, as well as conduct various experiments.

Both camps utilize college students and some high school students to assist with the camp. Volunteers work behind the scenes as well as directly with the teachers assisting students as they conduct their design projects. If you have a passion for STEM and would like a chance to make a difference in a young person's life, complete and return the application on the next page.

If you have questions, please contact us using the information below.

Middle School Camp - Susan Lloyd at sprice@ncsu.edu or call 252-444-3357

Elementary Camp - Amanda Ohlensehlen at amanda@haveocknc.us or call 252-444-4348.
