ANNOUNCE THE **2023** EASTERN NORTH CAROLINA SUMMER ELEMENTARY SCHOOL ENGINEERING CAMP

Havelock Tourist & Event Center
July 24-28, 2023

Rising 4th, 5th and 6th graders

The Eastern Carolina Aviation Heritage Foundation will offer an exciting, aviation-themed weeklong summer day camp this July for elementary school students (rising fourth, fifth and sixth-graders) at the Havelock Tourist & Event Center.

The camp will provide students a fun and positive glimpse into various fields of engineering by using hands-on, creative investigations and real-world building activities. Throughout the week, students will work to design solutions to real world issues. They will be led by local elementary school teachers and engineering staff from FRC East. Students will be given the challenge to individually design and build various devices related to aviation and engineering. Students will learn engineering fundamentals by exploring various experiments related to aviation and safety.

CDC guidelines will be followed and safety protocols will be practiced to help protect all students, staff and volunteers.

The camp is from 8:30am – 12:00noon Monday through Friday and a snack is provided. No lunch is provided.

Cost for the camp is \$125 per student. Scholarships may be available for students with demonstrated financial need. Send no money until the selection process is complete and your child has received notification of acceptance.

If you are interested in sponsoring a camper, please contact Pam Holder at pholder@havelocknc.us .

The application process opens **February 1, 2023 and closes on April 3, 2023**. To apply, go to www.ecaviationheritage.com and follow the link to “**2023 Elementary Summer Camp**”.

For more information, contact Pam Holder at (252) 444-4348 or email pholder@havelocknc.us.
